CCART's permanent collection from artists of the Delmarva Peninsula.

One of several **CCART** missions is to recognize and share our art collections through local and regional public exhibitions, in order to promote community art awareness. Our permanent collection of art work (above), donated by supporting artists, was on display at The Powell Building located at the Salisbury Downtown Plaza, prior to being on loan for other public exhibits.

CCART greatly appreciates the support of
VP Shoes.

Special thanks also to
Bostian/Causey Properties.
